Project Management Leadership Awards

Organized by:

QAI

➤ ABOUT THE CONFERENCE

The **6th Annual International Project Management Leadership Conference [PML 2011]** is a unique platform for exchanging, learning and accelerating implementation of best practices in the domains of Project and Program Management. The conference will focus on Project Management tools, techniques and best practices in action for achieving leadership and will bring together leading organizations on one common platform. PML 2011 is built on the theme of **'Role of Project Management in achieving Operational and Business Excellence'**.

➤ WHO SHOULD ATTEND

Any individual or organization involved in the planning, development, execution and improvement of the performance of projects or programs will clearly benefit by attending the conference. The audience profiles of the past conferences include:

- CEOs, CIOs, CFOs and CTOs
- Delivery Heads, VPs, GMs, Business and other IT Heads
- Project and Program Managers, PMO Directors, Senior Managers
- Technical and Quality Consultants
- Business Development Managers
- Students

➤ CONFERENCE HIGHLIGHTS

PLENARY SPEAKERS

Eminent speakers and International Gurus from organizations like Infosys, Genpact, Wipro amongst others would be speaking at the event. They will provide insights on new areas in the domain of Project and Program Management.

FOCUSED CONFERENCE TRACKS

Learn from the real world experiences of industry experts who'll show you how to turn various theoretical concepts into best practices and achieve outstanding results. The tracks will address issues related to Program Management, Risk Management, Human Capital Management and others in the domain of Project Management.

TAKE HOME A 'WORLD OF KNOWLEDGE'

From the plenary sessions to the closing panel discussion, PML 2011 is filled with non-stop opportunities to learn.

CSBA (Certified Software Business Analyst) is a practitioner level certification for business analysts, project leads and architects. The certification demonstrates proficiency to manage the link between business and information technology communities. Today, over 40,000 professionals have been certified by QAI.

➤ ABOUT QAI

QAI (founded in 1980 in Orlando, USA) is a leading global consulting and workforce development organization addressing "Operational Excellence" in knowledge intensive service organizations.

QAI Global Services, the consulting division of QAI, addresses Operational Excellence. Organizations achieve Operational Excellence through deployment of best practices and processes in areas of Process Management, Quality Management, Innovation Management, Project Management, IT Service Management and others.

QAI Global Institute, the workforce development division of QAI is focused on creating international education and training products and services to address the competency development, skill assessments and certifications in business critical skill domains for increased employability for the talent pool.

QAI has trained over 1,40,000 and certified over 40,000 professionals across the globe. We have our offices in USA, India, China, Malaysia and Singapore.
