

9th Annual International Software Testing

Conference in India 2009

Conference: November 19 - 20, 2009, Hotel Le Meridien, Bangalore

Conference Tutorials: November 12 - 25, 2009

Conference Program

DAY ONE (November 19, 2009)

0800 - 0900	Registration and Seating		
0900 - 0910	Opening and Welcome Address by Navyug Mohnot, <i>CEO, QAI</i>		
0910 - 0940	Exploring Testing Leadership - Michael Bolton, <i>Founding Partner, DevelopSense</i>		
0940 - 1010	Software Testing Industrialization - Challenges and Pre Requisites for Success - Bruno Legeard, <i>Co-Founder and CTO, Smartesting</i>		
1010 - 1040	Software Testing - A Business Imperative - Makrand Teje, <i>President and CEO, AppLabs</i>		
1040 - 1110	The Golden Rules to Lead the Change - Gangadhariah C P, <i>Senior Vice President and Global Head - Testing Services, Wipro</i>		
1110 - 1130	Tea/Coffee Networking Break		
	Track I: Business Leadership (Venue: Coronet Hall)	Track II: Test Program Management (Venue: Senate Hall)	Track III: Techniques and Tools (Venue: Orchid Hall)
1130 - 1155	Test Transformation and Cost Reduction - Rakesh Upadhyay, Satish Ankalikar, Ninad Kulkarni, <i>Tech Mahindra</i>	Increasing Test Effectiveness Using 4P Approach and Statistical Models - Ajay Garg and Himanshu Pandey, <i>Aricent</i>	Formalizing Test Engineering through Test Architecture - J P Kurmi and Santhi S, <i>Net App</i>
1155 - 1220	STaaS and SaaS: A Winning Combination for SME to a Successful Transformational Journey - Sushil Yadav, <i>Capgemini</i>	Strategic-Theme Based Value Transformation of Network Test Automation Solutions - Sanjay Kumar Misra, <i>Infosys</i>	Achieving Higher ROI By Implementing Hybrid Test Automation Framework - Kumar Saurabh and Saroj Patnaik, <i>Birlasoft</i>
1220 - 1245	Quality Outsourcing: Scalability with High Quality Under Controlled Cost - Pratima Maharana and Saroj Patnaik, <i>Birlasoft</i>	Evolving to Agile Testing from Traditional Testing - Nanjunda Prasad, <i>Siemens</i>	Building an Automation Framework around Open Source Technologies - Muralidhar Yalla, Ramanath Shanbhag, <i>MindTree</i>
1245 - 1310	Meeting Testing Requirements for Changing Banking Industry as a Result of Global Economic Change - Sumit Kumar, <i>Capgemini</i>	Sprint Retrospective Checklist - Method and Mechanism to Track Project Health and Dev - QE Goals - Ajay Jain, <i>Adobe</i>	Fix Protocol Testing Accelerators - A Case Study - Rajashree Thandy, <i>Capgemini</i>
1310 - 1400	Lunch Break		
1400 - 1410	Corporate Presentation - <i>Microsoft</i>		
1410 - 1440	Enabling Lean & Agile Application Lifecycle Management Rajesh Nayak, Business Head, Applications Solutions, (HP Software & Solutions), <i>HP India</i>		
1440 - 1510	Have we arrived yet? Blueprinting a holistic test architecture Ranjana Narawane, Senior Executive, Lead Horizon Capabilities, <i>Accenture</i>		
1510 - 1520	Corporate Presentation - <i>Accenture</i>		
1520 - 1540	Tea/ Coffee Networking Break		
	Track I: Business Leadership, Techniques & Tools (Venue: Coronet Hall II)	Track II: Test Program Management (Venue: Senate Hall)	Track III: Emerging Areas (Venue: Orchid Hall)
1540 - 1605	Elastic Testing: Making the dollar count - Vinita Ananth, Director - Software as a Service, Asia Pacific & Japan, <i>HP Software & Solutions</i>	Defect Analysis - A Boon! - Almas M. Gandhi, Aarti Sharma, <i>L&T Infotech</i>	Cloud Test Go - Cloud Based Performance Testing - Ramakrishnan Sitaraman, Bharathy Ramalingam, Srinivasan Natarajan, <i>CSS</i>
1605 - 1630	Implementation of Predictability Model to Improve Test Coverage - Anjali Mogre, <i>Atos Origin</i>	Why Risk Based Testing is not for Everyone? - Manoj Sharma, Anurag Gupta, <i>Birlasoft</i>	Service Oriented Architecture Testing - Uday Kumar Vussainsagar, Jaipal Nadu, <i>AppLabs</i>
1630 - 1655	Bangalore Weekend Testers: Test, Learn and Contribute - Ajay Balamurugadas, <i>EFI India</i>	Setting Up Right shore Test Center - Raghunath S Rane, Vaishali Jayade <i>Capgemini</i>	Web Security Testing: A minimalistic approach - Shatrughan Rai, Pravin Mukhedkar, <i>Xpanxion</i>
1655 - 1720	OBDD - Outcome based Delivery Model - Umesh Shukla, Sunil Gupta <i>Symphony</i>	Quantitative Approach for Effort Estimation - Model to Standardize Testing Effort Calculations - Ajay Garg, Pankaj Vashisht, <i>Aricent</i>	Step Up Your Revenues and Ensure Reliability - Testing the Cloud - Shilpa Gangrade, Garima Joshi, Dhivya Nagendran, <i>Deloitte</i>
1720 - 1745	Blocked for Gala Dinner	Product Software Performance engineering framework - A wheel for continuous improvement - Radhika Santhanakrishnan, C Devarajan, Vaishali Gulve, <i>Infosys</i>	Exploratory Testing - 'The Steroid of Testing' - Shaham Yusuf, <i>Deloitte Consulting</i>
1830 onwards	Best of the Best Awards Night, Entertainment Evening, Cocktails and Gala Dinner (Venue: Coronet Hall)		

Organized by In association with

9th Annual International Software Testing

Conference in India 2009

Conference: November 19 - 20, 2009, Hotel Le Meridien, Bangalore
Conference Tutorials: November 12 - 25, 2009

Conference Program

DAY TWO (November 20, 2009)

0930 - 1005	Innovation in Software Testing - Tanuj Vohra, <i>Partner Director, Program Management, Microsoft</i>		
1005 - 1040	TMMi® - Preventing Defects and Reducing Cost - Brian Wells, <i>Principal Consultant, Experimentus and Director, TMMi® Foundation</i>		
1040 - 1110	Tea/Coffee Networking Break		
1110 - 1145	Building Core Competencies for Testing Leadership - Pradeep Chennavajhula, <i>CEO, Edista Testing Institute</i>		
1145 - 1220	Increasing Profitability through Lean Software Testing Frameworks - Shiva Jayagopal, <i>Vice President and Global Head for Testing Services, Keane India</i>		
1220 - 1255	Test Management for Large Complex Delivery in Distributed Model - Minal Deshpande, <i>Vice President - Testing Services, Deloitte Consulting</i>		
1255 - 1305	Corporate Presentation - <u>HP</u>		
1305 - 1315	Software Certifications - Being Relevant to the IT Community		
1315 - 1405	Lunch Break		
	Track I (Venue: Coronet Hall)	Track II (Venue: Senate Hall)	Track III (Venue: Orchid Hall)
1405 - 1430	Test Specialization with a focus on Compliance Testing - Raghuram Krovvidy, <i>Lead, Thought Leadership - Testing Capability, Accenture Delivery Center for Technology in India</i>	Overcoming Challenges in Testing a Security Product - Rahul Shah, <u>BMC</u>	The Message From Defect Metrics - Suresh Srinivasan, <u>Virtusa</u>
1430 - 1455	Product Vaccination and Quality Upbringing - Pronil Sengupta, Akash Tomar, <u>Adobe</u>	Estimator Metrics: Assessment of QA Time and Resource - Amit Bhardwaj, Satish Kumar, <u>Samin TekMindz</u>	Performance Testing of Virtual Environments, a Reality - Ajay Walgude, Ashish Tyagi, <u>Capgemini Financial Services</u>
1455 - 1520	6 Tips for 6 typical Challenges in 'Automation of Globalized Application' - Vedachalam M, R Pranai Chandran, <u>Infosys</u>	Continuous Quality Improvement through Unstructured Testing - Pradeep Verma, Dinesh Kukreja, <u>Adobe</u>	Integrating Waterfall Testing Practice with Scrum Development: Identifying an orderly theme in Agile Delivery - Somesh Dwivedi, Vinay Agarwal and Gurleen Kaur, <u>Sopra</u>
1520 - 1535	Tea/ Coffee Networking Break		
1535 - 1610	Exploring No Man's Land with Keyword Driven Testing - Martin Gijsen, <i>Founder, DeAnalyst</i>		
1610 - 1645	Test Automation with a Mission - Arup Patnaik, <i>Director - Quality Engineering, QA Infotech</i>		
1645 - 1730	Panel Discussion on Navigating Uncertainty - Anand Vaishampayan, <i>Director - Testing Practice, GBS Global Delivery, IBM</i> - Ritendra Banerjee, <i>Senior Vice President, Maveric Systems</i> - Rajesh Sripad Rao, <i>Lead - Testing Capabilities, Accenture</i> - Rajesh Nayak, <i>Business Head, Applications Solutions, HP</i>		
1730 - 1735	Vote of Thanks		

9th Annual International Software Testing

Conference in India 2009

Conference: November 19 - 20, 2009, Hotel Le Meridien, Bangalore
Conference Tutorials: November 12 - 25, 2009

Poster Sessions

BOTH DAYS

STC 2009 Poster session complement the main conference program by offering an opportunity for practitioners to present ideas, results and obtain feedback from their peers in an informal setting. It gives conference attendees a way to learn about novel on-going research projects, whose preliminary results are already interesting.

Their informal presentation and an interactive format will allow you to engage in one-on-one or small-group discussions with the presenters. Visuals will be in the form of posters. Posters are not intended to be a forum for commercialization and marketing of a product/service. All posters will be at a specific space in the exhibition area during the conference. Authors will be at their assigned space to present their work to the delegates at the designated hours on both the conference days.

The following posters will be displayed throughout the conference and authors will be available for meeting and interaction during the breaks.

Each poster has been assigned a poster number (corresponding to the display boards).

1.	Test Assessment Gap Analysis Shiva Prasad B V, Radhika Halappa, IBM	2.	Leading the Continuum - An Evolution of Software Testing Neha Thakur, Deloitte Consulting
3.	Are You Ready to Move to Outcome-Based Relationships with Your Testing Partner?" Ramanath Shanbhag, MindTree	4.	Testing Challenges in Agile Methodology Prafulla Chandra J, AppLabs
5.	Security Testing: Where do I fit in SDLC? Roopa Jaganoor, IBM	6.	Institutionalizing Test Estimation Savitha K, Srinivas M, Fidelity Business Services
7.	Quality Assurance - Framework on Risk Based Model Subhasis Bandyopadhyay, EMC	8.	Release Based Testing Rupa Joshi, Tech Mahindra
9.	Managing Software Quality: End to End Testing in a Release Based Delivery model for a Complex Software Environment Seema Kohli, IBM	10.	Establishing an Effective Organizational Test Metrics Platform Sylvia Veeraraghavan, Smita Mukherjee, Shankaranarayanan G A, MindTree
